Subject: Micosoft Settlement

Dear Attorney General Ashcroft,

I am writing to inform you that hearing of your decision to settle with Microsoft brought me relief and pleasure .Our nation has endured enough of this and this settlement is a fair one. It is time to move on to more pressing issues .

The complaintants should be thrilled with the concessions Microsoft has made and allo should look forward to putting their energies to the most productive causes.

I urge you to promote and support this settlement and end this litigation.Thank You.
